

Local News.

Mr. A. Reid and family are visit in with friends in Jarow.

Mrs A. Peterson was in Edmonton this week.

T. M. Morgan, of Yellowhead Pass, was in town Monday.

Mrs C. Tompkins, of Chesterfield, was a recent guest of Mrs L. Headley.

H. K. Allan has just unloaded a car load of furniture. Call and look over the display.

W. H. Wilkins has rented the Covert farm, north-west of town, and moved out on Tuesday.

E. T. Cooper and staff are about to commence building operations on the new church at Wood River.

Miss Vivian Headley spent a few days in town with her aunt, Mrs Headley.

After spending three weeks visiting with Mrs J. R. Kedge, of Jarow, Mrs J. J. Few spent a few days in Edmonton during fair week.

J. J. Few and Rufus Headley were among those who attended the Edmonton fair.

W. H. Smith has launched his fighting craft, and will patrol the Battle River. Now the citizens can cease from worrying.

Mr and Mrs F. E. Algar and family are visiting with Rev. Mr and Mrs Milton.

Rev. A. M. Dallas, of South Edmonton, was a welcome visitor to our midst the other day.

Ponoka was well represented at the Edmonton fair last week. All pronounced it a great success.

Mrs C. H. White returned last week from a visit to Prince Edward Island.

Miss A. Wilson, of Edmonton, is spending a short vacation with her mother at Nugent.

Any person taking wool off the North half of Sec. 9-24 W. 4th, will be prosecuted. R. K. ALLAN

Mr and Mrs Woodley, of Calgary, spent a few days in town visiting with their parents and sister, Mrs R. L. Shaver.

Word has reached Chesterfield from Jack Jones that he is on his way to the front, and expected to be in Ottawa on the 16th. Jack's smiling face will be greatly missed, and the best wishes of that district go with him.

W. L. Stuart, of Mondamin, Iowa, arrived in town Tuesday with a car of settlers effects. Mr Stuart is going out to locate near his brother, David, in the vicinity of Rimby.

Ponoka school will re-open on Monday, August 24th. It should have opened on Monday last, but owing to the repair work of the school not being finished, it was necessary to extend the vacation another week.

Saturday night a very severe electric storm broke over the town, and rain fell in torrents, but happily, no damage was reported. On Thursday a severe hail storm was experienced, which did very considerable damage, more especially in the western districts.

Perhaps it would be well to remind our readers that the shooting season does not open till Sept. 1st. Now sportsmen, be careful, and subdue your enthusiasm for a few days longer. Remember that the game guardians are numerous, and they will show no mercy.

The Autographic Kodaks

You can now date and title your negatives, permanently, and almost instantly at the time you make them. Touch a spring and a little door opens in the back of the camera, and the date and title are printed on the back of the Autographic Film Cartridges, exposed from 2 to 5 seconds, close down. When your negatives are developed, the date and title will appear on the back of the negative. With the prints you can date and title the picture, and will appear on the intersections between the negatives. You can print the date and title on the back of the picture itself if wished. Any picture that is worth taking is worth a date and title. The facts about the children, their age at the time the picture was made—all these things add to the value of the picture. Kodak cameras are built by engineers who make photographic records of their work and can give you a record of records by adding nothing, date and title on the negative.

The greatest photographic advance in twenty years. No. 3A Autographic Kodak, pictures 2x3½ ins., \$2.50

Sale only by

The Campbell Drug Co.

Telephone Central. Open 8 to 8 p.m.; Sunday 1 to 8 p.m.

DAUGHTERS OF THE EMPIRE CONCERT

[CONTRIBUTED]

Miss Bella Gray was in Edmonton a few days the past week.

Mrs A. Peterson, of Edmonton, is visiting with Mrs Whitecotton.

**CANADIAN MILLS
THEIR CAPACITY**

Statistics of Mills and Possible Output Surprise to Most Canadians—Vast Number of Small Plants

The Northwestern Miller has recently completed its annual census of the milling capacity of Canada. The figures are as follows:

Four Mills

	1914 Num. Mills mills daily
Nova Scotia	21 809
New Brunswick	47 1,609
Prince Edward Island	20 669
Quebec	145 14,645
Ontario	247 62,569
Manitoba	52 15,569
Saskatchewan	23 7,500
Alberta	31 7,069
British Columbia	6 1,909
Totals	699 112,099
1912	634 111,099
Oatmeal Mills	
Num. Mills mills daily	
1914	15 6,675
1913	14 6,715
Total of the milling capacity shown, 62,569 barrels or 250 lbs. each of the Great Lakes, and 7,000 barrels each of that natural division.	

In arriving at these figures, a number of small and medium sized flour mills in Canada are really only chipping mills, and are left out of the calculations and of the western mills that have been doing a great deal of business, we have also been estimated.

Of the total capacity shown, fifteen companies own 64,000 barrels and several of them are almost too small to be of any use of grain storage. The remainder are all single plant concerns of less than 500 barrels capacity.

The number of small and medium sized flour mills in Canada is a reflection to most Canadians, who were accustomed to think that the flour business was very well in the hands of the large mills. In the free wheat and flour districts of the country the trade passed through much animosity was directed toward the large mills. It being alleged that they were practices of the small flour mills that could seem to be that the Government were influenced in their decision with respect to wheat and flour. The small mill that carry on business in nearly every one of the Provinces.

1500 HOGS EVERY WEEK

Two Pigs in Five Minutes—Results of
Mated Feminine Are Already
Manifest.

The Vermillion "Standard" recently quoted some remarkable statistics with respect to the hog raising and pork packing industries in the neighboring town of North Edmonton, according to this paper, these hogs are raised at the rate of two pigs every five minutes. This is a record that has been kept up with nearly 1500 hogs per week being slaughtered in this one plant at North Edmonton alone. The pork packing industry is rapidly manufacturing industry. The hogs are raised in the stores, and is transferred to different floors into various forms of packed products, and is finally shipped as bacon, ham, sausages, etc. in refrigerated cars, motor trucks or wagons for transportation, all over Canada.

Recently the big hog markets in Eastern Canada and the markets across the Atlantic have had hog products from Western Canada. The two pigs killed every five minutes cost \$15 each, so that for every minute of work, a pack of hams some farms in Western Canada being paid \$6.00. If this rate was kept up the year round it would, according to the Vermillion "Standard" mean the raising of 1500 hogs per week by this one plant. A few figures such as these prove beyond a doubt the value of the swine farm.

Mr and Mrs Hubbard were visiting this week at the home of Mr and Mrs W. M. Parks.

That was a jolly time everybody in the social, and all are looking forward to another such time in the near future.

School has opened with Miss Eakin as teacher. The attendance is fair, the pupils being on the fair side.

That number of our young folks attended the big ball game in the Nebraska district the other evening, and report a close game with some swell playing.

Mr and Mrs R. H. Cross were visiting this week at Mr and Mrs Wm Parks the weekend. They spent their time fishing and berry picking.

Parties who went calling on Miss Grace Howard did not find her at home. Guess she must live at berry patches.

Haying is almost completed, and the hum of the reaper is heard in all parts of the district. The grain is all in good shape to be cut.

P. H. Glaser's new home is almost complete, and is a great credit to our district. Who will be the next to follow his example.

Mr and Miss Hubbard were visiting this week at the home of Mr and Mrs Wm Parks the weekend. Miss Glaser being one of Miss Hubbard's two sons.

Charlie Flagg has been expecting his parents home for some time.

Oven is a wonderful baker. That's because the heat flies completely encircle it.

**McClary's
Kootenay
Range** satisfies the most exacting cook on every point. Let the McClary dealer demonstrate the fact.
